MISSION STATEMENT

Providing a voice for economic, educational, social, and public growth in our region.

From the desk of the
Executive Director

Greetings from the West Calcasieu Chamber of Commerce and the communities of Sulphur, Vinton, and Westlake! As we forge ahead to 2023, we are confident that the citizens, business owners, and corporate leader of this area will continue to rebuild and restore the community growing and making it more solid than ever before.

The West Calcasieu Chamber of Commerce represents the interest of area businesses at the federal, state, and local levels of government. Our Chamber also helps to create economic development and improve community quality of life. WCCC is comprised of Sulphur, Vinton, and Westlake, three small cities working together to develop an attractive, powerful force in the area's economy.

Our WCCC also participates in the Southwest Louisiana Economic Development Alliance, joining efforts to the parishes of Allen, Beauregard, Cameron, East Calcasieu, and Jeff Davis. Our WCCC is, and will be, actively involved with state and federal initiatives to improve and create additional economic opportunities to draw businesses to our state and region.

We want to encourage the businesses in our area to persevere despite the challenges they may face. We welcome new businesses to partner with the WCCC to further enhance the economic health of West Calcasieu. West Calcasieu is, and always has been, an amazing area for economic growth. We thank you for the role you have played and look forward to even greater success in 2023.

Incoming
Chairman's
Message

As a member of the West Calcasieu community, I could not be more excited to serve as the Chair of our Chamber of Commerce. I'd like to thank our members for entrusting me with this position. As I look back over the Chamber's 80-year history, I am amazed at what has been accomplished. I hope to continue that spirit as we move forward into 2023; as a unified voice

advocating for changes to legislation and policies that impact our communities.

To say the past few years have been difficult for most is an understatement, but the strength and drive of our community and businesses have allowed us to continue to move forward.

We have so many businesses and organizations doing positive things in our community, and we as a chamber want to not only offer encouragement but a partnership. We want to keep our members up to date and connected on local activities and legislative actions through our newsletters and emails and be a catalyst for change and improvement where possible.

I look forward to working with our members to advance our region and our quality of life in West Calcasieu.

Mandy Thomas

Outgoing *Chairman's* Message

After reviewing our accomplishments for 2021, I wondered how could we possibly top the events of 2021 – events which netted us the best year financially that I have ever seen our West Calcasieu Chamber of Commerce achieve. But 2022 proved to be an even better year with committee activities and proceeds from events topping 2021.

We faced hugely uncertain times with the ongoing health and weather challenges and the future of the WCCC was questionable due to uncontrollable factors, but no one wanted to give up. We all made a commitment and pulled together to see unbelievable results.

I want to thank our Executive Director, Executive Board, Board of Directors, committee chairs and members who have persevered in spite of personal and professional challenges in the last two years. We could not have achieved this level of success without everyone doing his or her part.

Thank you for allowing me to serve in the capacity as Chair. It has been a unique experience and very rewarding. I will continue to support our chamber and look forward to even greater accomplishments and successes with all of you. This experience was certainly the apex of fifteen years of involvement with our WCCC.

Once again, I encourage your deeper involvement with our chamber as you will reap great things for yourself and your businesses. Not only will you gain awesome alliances, you will see economic, educational, social, and public growth which is the mission of our chamber. I pray that each of our communities of Sulphur, Westlake and Vinton, and our business members and their representatives will witness the fruits of their own hard work and the dedicated service of WCCC to you and all of Southwest Louisiana.

Thank you and God bless,
Debby Nabours

History of Calcasieu Parish

Calcasieu Parish was created March 24, 1840, from the parish of St. Landry, one of the original 19 civil parishes established by the Louisiana Legislative in 1807

The river from which the parish derives its name is shown on some older maps as “Bayou Quelqueshue” and sometimes as Calcasieu. Calcasieu, which means “crying eagle”, is said to have been the name of an Atakapa chief who gave a peculiar cry like an eagle as he went into battle.

The parish’s early history hails back to the Spanish occupation of Louisiana. In 1797, Jose’ M. Mora was granted a large tract of land between Rio Hondo and the Sabine River, known for years as the “Neutral Strip.” The strip of land, which had long been a bone of contention between Spain and the United States, was acquired by the U.S. by treaty in 1819, after Louisiana was ceded to the American government by France in 1803. The area became a refuge for “desperadoes from the eastern states” and for outlaws and “filibusters from Carolina, Georgia, and Mississippi.” Some time elapsed before settlers took up permanent claims. Among these early families we find the names of Ryan, Perkins, LeBleu, Devillier and Henderson. Acadians from the eastern parishes of Louisiana also emigrated to this area so that today the population is mixed, consisting of Creoles, Acadians, Americans and Indians.

On August 24, 1840, a half-dozen men met to organize as representatives for six wards that later became five parishes. Since there was no courthouse or public building, the meeting had to be held in a private dwelling, and the one chosen was the large, rough-hewed home of Arsene LeBleu near present-day Chloe. The first jury men who assembled that day were David Simmons, Alexander Hebert, Michel Pithon, Henry Moss, Rees Perkins, and Thomas M. Williams. They first elected officers and a parish clerk and decided upon a set of simple parliamentary rules which would give their president authority to keep their meetings orderly and progressive.

The parish boundary was reduced in 1870 when Cameron Parish was cut off from the south portion of Calcasieu. These limits remained until 1912, at which time it comprised an area of over 3,600 square miles and was the largest parish in the state, and for this reason it’s sometimes called “Imperial Calcasieu.” In 1912, the three parishes of Allen, Beauregard, and Jefferson Davis, with a total area of approximately 2,548 square miles, were cut off from the Parish of Calcasieu. These were the last parishes created in Louisiana.

Recreational Facilities in West Calcasieu

When it comes to recreational facilities, West Calcasieu is the top draw in the State of Louisiana. Highlighted by the Sulphur Parks and Recreation facilities, the City of Sulphur is host to the Louisiana High School Softball Tournament every year at the gorgeous Frasch Park/Pattison Complex that features 18 fields that can be used for baseball and softball.

In addition to hosting the State High School Softball Tournament, Frasch Park is host to the Dixie Boys World Series in addition to the Super World Series. Flanking Frasch Park is the Frasch Park Golf Course, a beautiful 18-hole golf course complete with driving range and putting greens.

If swimming is what you are looking for, you do not have to look any further than the SPAR Aquatic Center; a spacious arena that boasts a kiddie pool, as well as, an Olympic-sized pool among many recreational offerings. This venue has played host to the Louisiana High School state swim meet since 2006. The Aquatic Center also features two workout gyms, multiple basketball/volleyball courts, an upstairs track as well as racquetball/tennis courts. McMurry Park is also home to an ever-growing number of little league and high school complexes.

For rodeo fans, the West Calcasieu Arena & Events Center in Sulphur is home to some of the most exciting rodeos in the southeastern United States.

Further west, the parks and recreation in Vinton are home to soccer, football, baseball, softball and basketball arenas in addition to a swimming pool and tennis court.

To the east of Sulphur, Westlake District One has a very impressive array of facilities that host youth soccer, football, basketball and baseball games. They also have an open-air gymnasium, three closed gymnasiums, two pools, and three pavilions. The Westlake Recreation Complex contains weight rooms with an array of state-of-the-art equipment as well as free weights; a basketball court, walking track, and aerobics rooms. Conference rooms are also available at this impressive facility. The National Golf Course of Louisiana has soft pines and dramatic vistas that highlight renowned golf course architect Dave Bennett's 7,000-yard layout, featuring 14 lakes and 80 bunkers, and some of the area's largest and most challenging greens. Five sets of tees offer an equally fun and challenging round of golf for both recreational and accomplished players.

West Calcasieu Parish Culture

It can truly be said that southwest Louisiana has a culture like no other. There is something for everyone in our little corner of Louisiana. We are known the world over for our cuisine, especially our gumbo and crawfish.

Our seafood industry, along with marinas and boat launches, attract visitors from far and wide. Duck and geese hunters are drawn to West Calcasieu during the migratory season. Wooded areas offer great opportunities for deer, turkey, squirrel, rabbit and quail hunting.

But there's so much more to the West Calcasieu culture than hunting and fishing. The Creole Nature Trail Scenic Byway, located along Highway 27, heading south from Sulphur to Cameron Parish and back up to Lake Charles, offers sights and experiences not to be missed. Niblett's Bluff Park in Vinton, which dates back more than 200 years, offers fishing, camping, bird-watching and hiking, as well as a confederate reenactment held every spring. From recreation to education to our unmatched cuisine, West Calcasieu is the place to experience Louisiana, the Sportsman's Paradise.

Upcoming Development for Westlake

Many facelifts are on the horizon for the city of Westlake through the “Master Plan” for Pinederosa Park. The park facility received lots of damage during 2020 with hurricanes and an ice storm. This did not discourage Westlake from turning something tragic into triumph. With the help of King Architects, under Barry King, they have created a beautiful place for all to enjoy.

The 3D visual created by Weston King gives a glimpse to the enhancements. Upon deeper review, you find a beautiful chapel over-water near the new Freedom Hall for weddings and receptions. Top-notch baseball and softball fields will be conveniently located right next to a state of the art water park. Nothing screams swimming like a full day at the park in the Louisiana heat.

We are so excited for the growth in Westlake and foresee many more exciting enhancements in the future.
